Each spring, the Evergreen Teachers' Association grants college scholarships to graduating high school seniors who attended elementary and/or middle school in the Evergreen School District. For many years, \$5 of your dues money was diverted from the general fund to the Scholarship account. Because of changing IRS regulations, that process was stopped so this important program no longer has a dedicated source of revenue (approx. \$3000). Please consider making a voluntary donation on behalf of this very worthy cause.

Thank you!

Donations can be submitted during my visits, given to your site rep, or mailed to
